MUGISHA MOISE

COMPUTER SCIENCE STUDENT / SOFTWARE & SYSTEMS

Montpellier, France | +33 7 48 31 90 22 | mugishamoise808@gmail.com

PROFILE

First-year BUT Computer Science student at the University of Montpellier, with a technological background in digital systems. Developing skills in programming, web development, Linux and networking, with an interest in cybersecurity, cloud and DevOps.

EDUCATION

BUT Computer Science | 2026–present

University of Montpellier · IUT Montpellier-Sète

STI2D Baccalaureate, SIN specialization | 2026

Lycée Léonard de Vinci · Graduated with honors (Assez bien)

SELECTED PROJECTS

Chuck Norris Website

Web development · HTML / CSS / Javascript · 2026

Built a multi-page coursework website with navigation, page layouts and responsive styling.

Linux Development Workstation

Systems · Ubuntu / VirtualBox / Git · 2026

Installed and configured Ubuntu in a virtual environment; practiced terminal commands, permissions and development tools.

Java Programming Exercises

Programming · Java · 2026

Wrote programs using conditions, loops, methods and arrays to solve introductory problems.

Raspberry Pi Home Automation

Embedded systems · Raspberry Pi · 2025

Designed a classroom automation and movable-camera surveillance prototype involving sensors and network communication.

Arduino Simulations

Electronics · Arduino / Tinkercad / Proteus · 2024–2026

Simulated a weather station using sensors and a traffic-light system with LEDs and controls.

Computer Network Simulations

Networking · Filius · 2024–2026

Created small network topologies and tested communication between devices, IP addressing and network configuration.

MY PORTFOLIO: [add URL]

GITHUB : https://github.com/moiseh595-rg

TECHNICAL SKILLS

Programming

Java · HTML · CSS · JavaScript · PHP basics · SQL · Arduino C/C++

Systems & networks

Linux / Ubuntu · Virtual machines · Terminal · Git · IP addressing · Network simulation · Basic network protocols

Tools

VS Code · GitHub / GitLab · VirtualBox · Filius · Packet Tracer · Tinkercad · Proteus · MySQL

AREAS OF INTEREST

Cybersecurity · Cloud computing · DevOps · Software development

LANGUAGES

English · French · Swahili · Kinyarwanda

STRENGTHS

Problem-solving · Teamwork · Analytical thinking · Organization
